Continuation of Substance of Interview including description of the general nature of what was discussed: On 9/4/07, applicant's representative contacted the examiner regarding the ODP rejections of record. The rejections were briefly discussed on 9/7/07, with applicant's representative inquiring regarding the need to file a terminal disclaimer (TD) in the instant application given that it has the earliest filing date of the three applications. The examiner referred applicant's representative to MPEP 1490, and noted that if the claims in the instant application are eventually in condition for allowance and the only remaining rejections are the ODP rejections, the ODP rejections can be dropped in the instant (earliest filed) application and the application allowed to issue without the filing of a TD. The examiner indicated that applicant could respond to the ODP rejections by requesting that they be held in abeyance until allowable subject matter is identified (or by traversing the rejections, or by the filing of a TD).
